

**Sixth High Level Aid Coordination
Forum Hargeisa
Republic of Somaliland**

Somaliland Development Fund

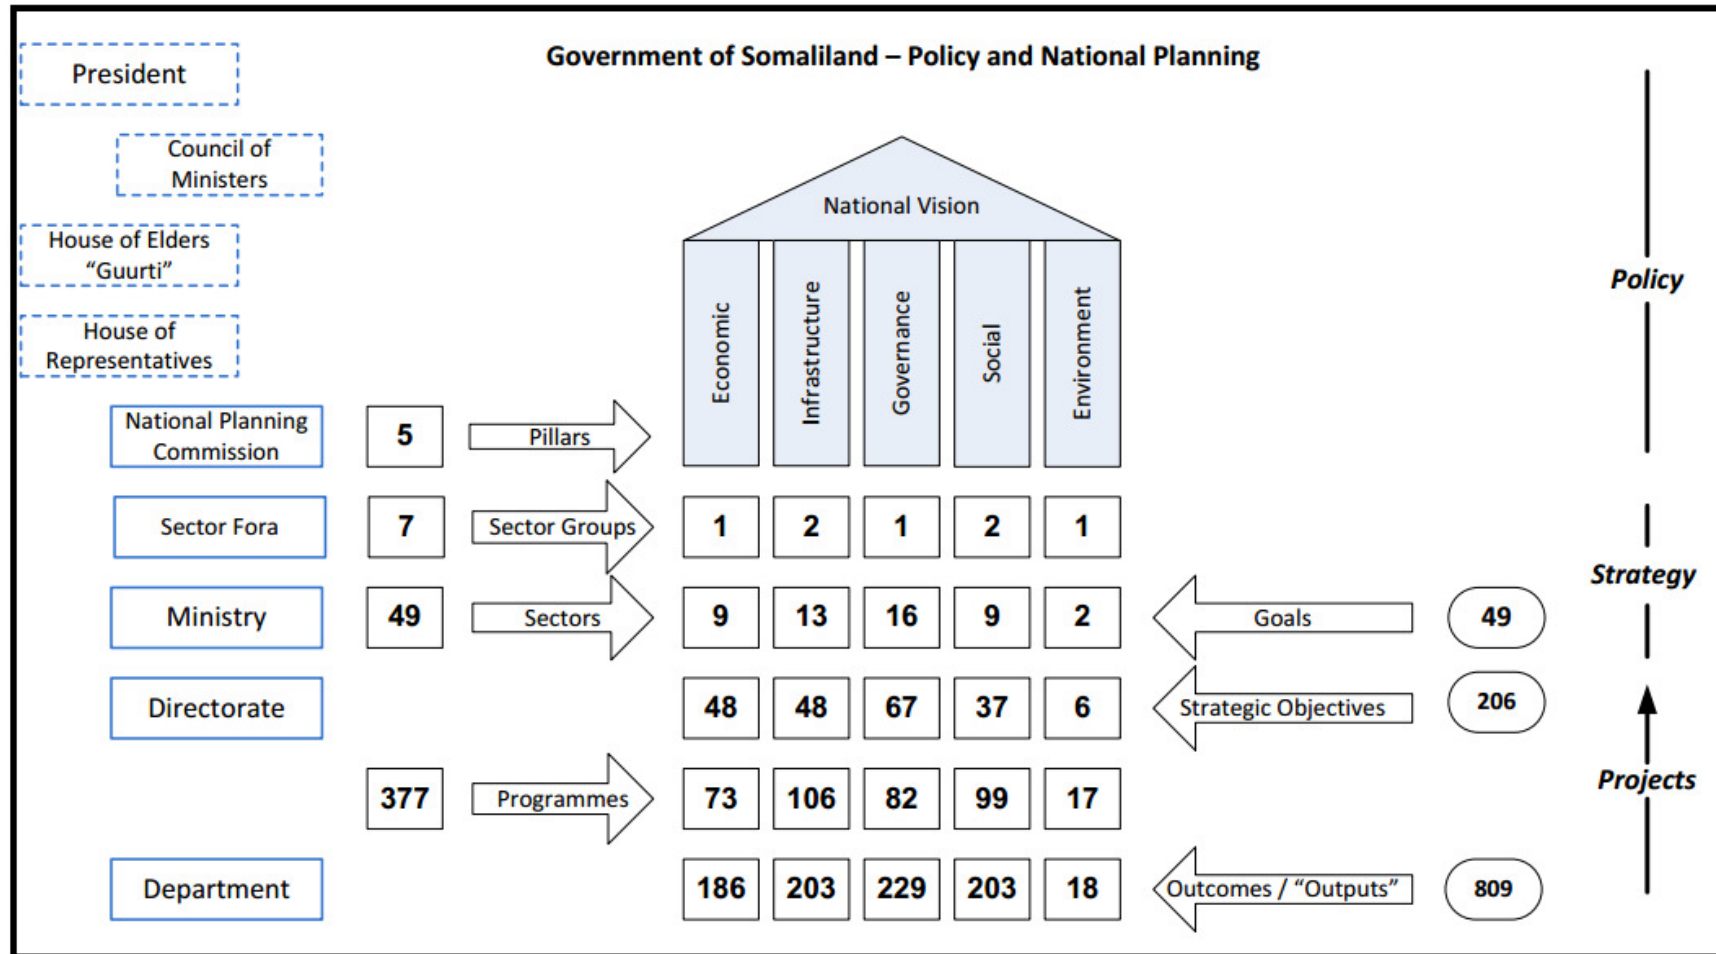

SDF Governance

Somaliland National Planning

6 step prioritization process

Prioritisation Approach – based on hierarchy of development				
	LEVEL	DESCRIPTION	TOOL	AUTHORITY
1	Pillar	prioritize (ordinal/cardinal) ranking on the basis of (criteria) "synergy and complementarity" effect of one pillar on the other	Cross impact matrix	NPC
2	Pillar	review pillar and sectoral investments (government, private and donor) to understand priorities and gaps	Government and donor flows	NPC
3	Sector	prioritize (ordinal/cardinal ranking) on the basis (criteria) of the effect, outcome and impact of a sector	18 factors for state building	NPC
4	Sector	select n (= 5) top priority sectors on the basis of (criteria), available capacity and deadline of the NDP/SDF prioritization assignment	18 factors for state building	NPC
5	Project	prioritization of objectives (outcomes) on the basis (criteria) of a strategic planning process using situational analysis and advice from sector actors	strategic plan and template	Ministry
6	Project	selection and prioritization of projects on the basis (criteria) of strategic fit within sectoral objectives	project concept and appraisal matrix	NPC

Project identification

1st phase projects (2013)

First Phase (2013) projects budget allocation				
Pillar	Line Ministry	Project Focus	Duration	Total
Economy	Ministry of Agriculture	Soil and water conservation in rain-fed agricultural areas.	2 years	\$2,056,896
Economy	Ministry of Livestock	Enhanced livestock export through construction of livestock holding grounds.	2 year	\$4,613,555
Environment	Ministry of Environment and Rural Development	Capacity building of the MoERD capacity for spearheading conservation efforts in the country through construction of regional offices and showcasing best practices in range management and dryland forestry.	2 years	\$2,316,000
Infrastructure	Ministry of Water Resources	Improving access to water for rural and urban communities in 5 regionals in Somaliland by construction of water infrastructure.	2 year	\$4,540,000
Infrastructure	Hargeisa Water Agency	Connection of Hora Hadley well field and upgrade of Hargeisa Water Supply Network	1 year	\$2,195,000
Infrastructure	Roads Development Agency	Full rehabilitation of Hargeisa - Berbera - Sheikh road (36 Km)	1 year	\$4,000,000
Cross cutting	Various	Development of Harmonized Land Policy	1 year	\$1,000,000
Economy	Ministries of Fisheries	Support to fisheries sector in Somaliland	2 years	\$1,500,000
Total				\$22,221,451

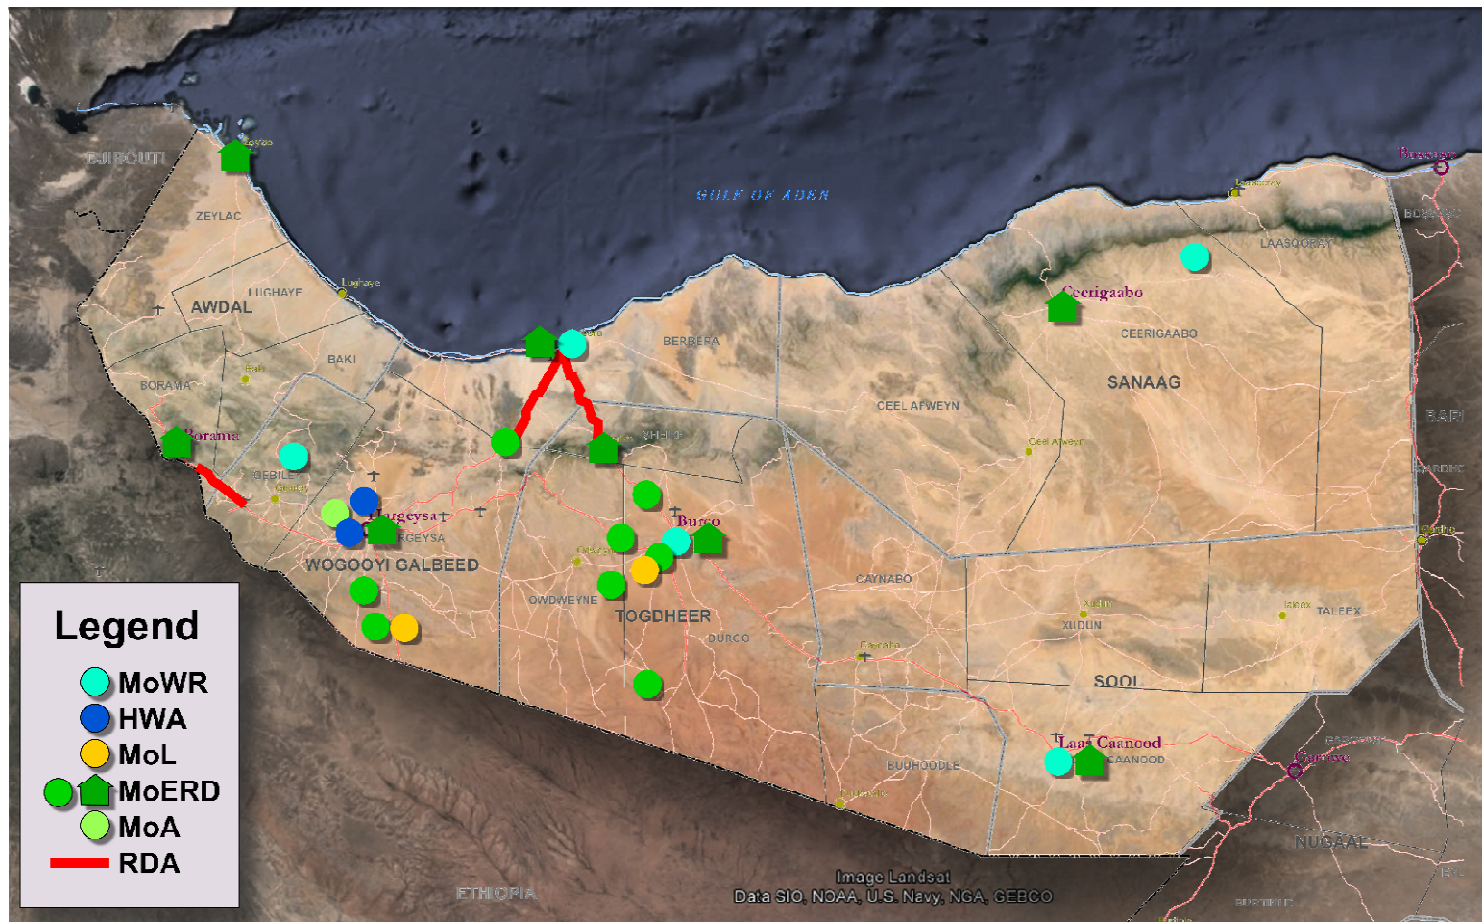

2nd phase projects (2014)

Second Phase (2014) projects budget allocation				
Pillar	Line Ministry	Project Focus	Duration	Total
Infrastructure	Hargeisa Water Agency	Improvement of the water supply network in Hargeisa city	1 year	\$ 4,000,000
Infrastructure	Roads Development Agency	Full rehabilitation of Kalabaydh - Dila road (18km)	1 year	\$ 2,500,000
Infrastructure	MoWR, MoE and MoH	Support to rehabilitation of water, education and health infrastructure including supplies and required staff in Sool and Sanaag (Eastern Somaliland)	2 years	\$ 3,500,000
Economy	Ministry of Labour and Social Affairs	Youth employment creation	2 years	\$ 2,000,000
			Total	\$12,000,000

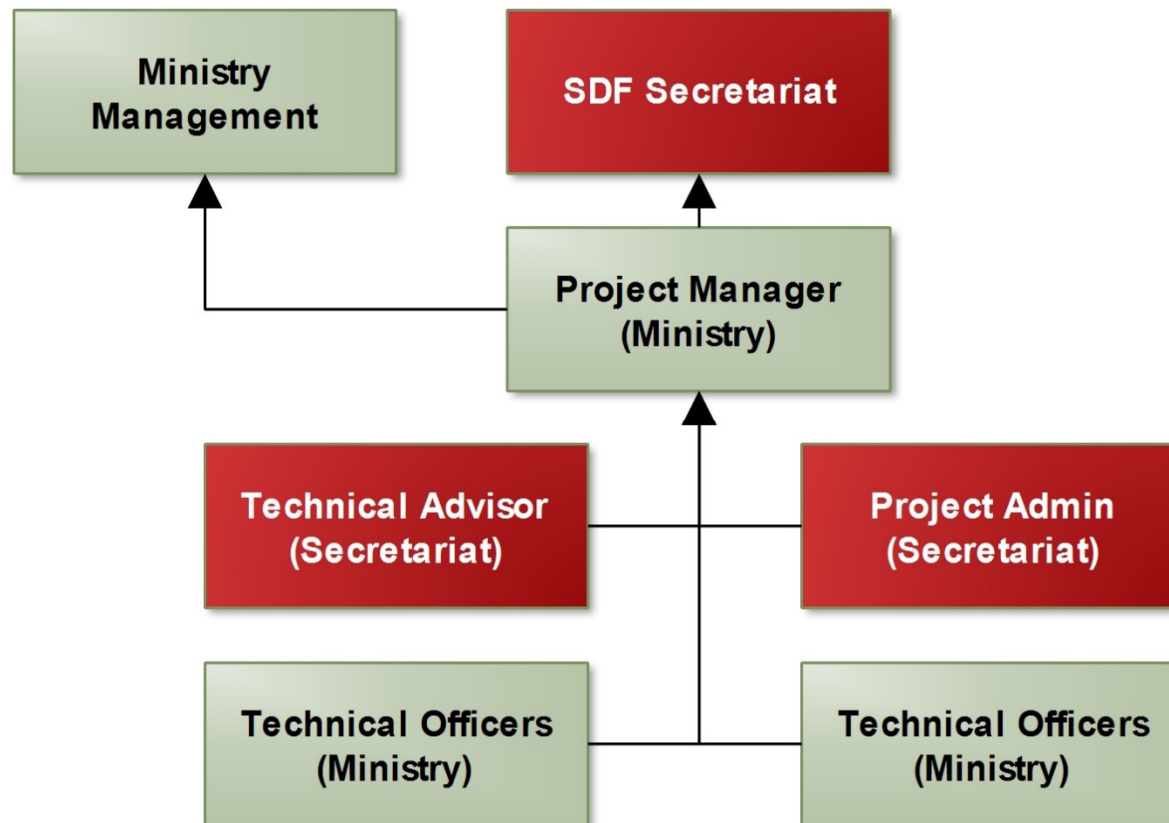

Distribution

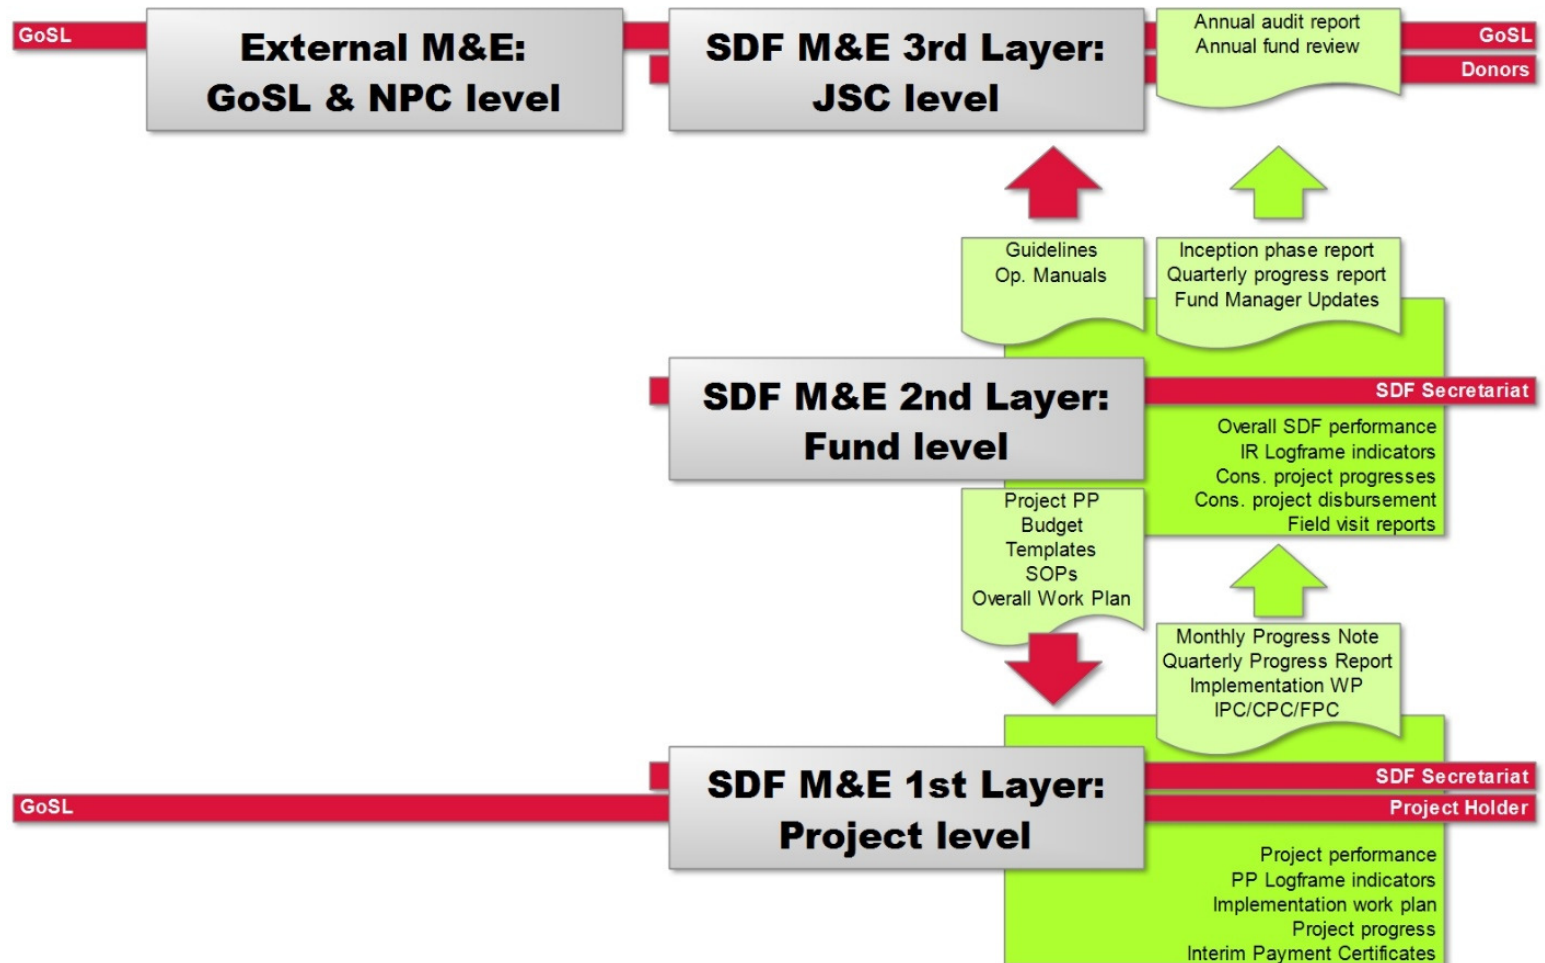

Project management

SDF monitoring & evaluation

How We Work

The purpose of the SBF is to “mobilize the creative energy and resources of the private sector to increase sustainable employment and incomes for Somalilanders, especially for women and youth”

This goal achieved through supporting the private sector with grant-based funding support:

- To improve operational efficiency (**productivity**)
- To develop new products & processes (**innovation**)
- To enter new markets (**diversification**)
- To remove value-chain/sector constraints (**market development**)
- To create **employment opportunities** for Somalilanders

Somaliland Business Fund (SBF)

1

SBF OVERVIEW

SBF is an **open** grant scheme

- covering **all regions** and **all business sectors** with no set targets or priorities but marketing efforts focus on fisheries, gums/resins and solid waste management
- projects benefiting women and youth will receive a high ranking

SBF a **competitive** grant scheme

- applicants competed for a limited grant allocation in each Round - i.e. on a “business competition and merit” basis
- as many applications as possible were encouraged so that a significant pool of ‘quality’ applications was secured

SBF is a **confidential**, **transparent** and **business-like** initiative

- selection process and assessment criteria in public domain
- supported by effective service standards – and with short turnaround time for processing stages

Somaliland Business Fund (SBF)

SBF OVERVIEW (contd.)

- \$ 11.6 million over 2 yrs
- Grants ranged from \$5,000 to \$150,000
- Grants below \$50,000 were classified as 'small' and over \$50k as 'large'
- Aimed to process small grant applications in 3 months (after outreach period) large grants in 4-5 months
- An applicant could apply and receive multiple grants over Round 1 and 2 – but an individual project could only be supported twice
- Grants reimbursable - paid after the expense is incurred
- Project Milestones were scheduled to ease cash outlay
- Grants could support goods and services (business development services and acquisition of physical assets)

Somaliland Business Fund (SBF)

ASSESSMENT CRITERIA - APPLICANT

We assess applications on the basis of the **quality** of the proposal/business plan; and, the **quality** of the applicant and his or her management team

We look for **applicants** who have:

- the management and financial **capacity** to implement the project successfully
- the **market** understanding, presence and reputation to launch the product/service successfully

Or in the case of new starts – a **track record** of business expertise and demonstrated sector knowledge

Somaliland Business Fund (SBF)

ASSESSMENT CRITERIA - PROJECT

We looked for project ideas that:

Demonstrated impact in the enterprise - i.e. **strategic** investments that were non-routine:

- improved enterprise operational efficiency (productivity)

- Facilitated the development of new products and processes (innovation), or promoted entry to new markets (diversification)

Promoted **market development**:

- addressed acute market constraints on growth in a particular sector or value chain (market development)

Facilitated wider impacts:

- resulted in a **broad** developmental impact - project brings tangible long-term/sustainable benefits to many sectors/industries and Somalilanders (suppliers, workers, consumers and jobs)

Somaliland Business Fund (SBF)

FUND GOVERNANCE STRUCTURE

The Fund Management Unit (**FMU**) is responsible for:

- day-to-day management** of grant approval, disbursement, monitoring and reporting and all other stages of grant processing and operational oversight

The Grant Advisory Panel (**GAP**) is made up of Government Ministers, key stakeholders of economic development (inc. senior academics, NGO heads).

The GAP is an **advisory body** that:

- provides oversight and advice on short-listing and selection of applicants for awards

Somaliland Business Fund (SBF)

R2 SMALL GRANT SHORTLISTED GEOGRAPHICAL LOCATION – APPLICANT INTEREST

WHERE WERE THE R2 APPLICANTS BASED?

R1 & R2 GRANT BENEFICIARIES

Rd1 and Rd2 awards compared by geographical groups (in % of total)

Partnership for Economic Growth

PARTNERSHIP FUND

Round 2

Business Matching Grants Program

Overview

Project Overview

- *Purpose: To help local authorities and private sector groups improve the enabling environment for investment in order to generate more productive employment and improve livelihoods activities*
- USAID's first economic development project in 20 years
- Inclusive economic growth as a driver of stability
- First Phase: 2.5 years (May 2011 - Aug 2013)
- Extension: 2 years (Sept 2013 - Aug 2015)

Methodology:

- Assess – Analyze – Prioritize – Design - Implement

Overview of Partnership Fund

- The Partnership Fund is a business matching grants activity whereby the Partnership Program co-invests in Somali businesses
- The grant mechanism supports innovative solutions to:
 - generate employment
 - grow the local economy
 - cultivate ownership
 - share risks
 - and address value chain constraints.

Overview of Round 1: 2012-2013

- \$1 million in matching grants distributed
- 13 finalists awarded grants between \$30,000 and \$100,000

Region	Number
Awdal	1
Togdheer	4
Maroodijeeex	4
Sahil	3
Multiple regions	1 (Awdal + Maroodijeeex)

Sector	Number
Energy	2
Livestock	4
Fisheries	2
Salt	1
Finance	2
Other	2

Duration	Number
Start-up	4
Existing	9

- An estimated 1500 new and better employment created - one-third for women, and over 50% for youth
(monitoring, evaluation and learning ongoing)

Examples of Partnership Fund Round 1 Grantees

Somaliland's first salt processing plant in Borama

Examples of Partnership Fund Round 1 Grantees

First commercial wind farm in Berbera to support fish cold storage

Quarantine facilities, holding pens, business management support and drip irrigation systems for fattening farms and trader associations in Burao

Examples of Partnership Fund Round 1 Grantees
Portable solar fridges for camel dairy outgrower scheme

Examples of Partnership Fund Round 1 Grantees

Propane cooking stove lease-to-pay business

Examples of Partnership Fund Round 1 Grantees

Freezer chests, ice block making machines, and new fishing boats and nets

Overview of Partnership Fund Round 2

Overview of Partnership Fund Round 2: Funding Level

- Total amount of funding available for Partnership Fund Round 2: **\$1,000,000**
- **Small Grants (\$30,000 to \$50,000):**
 - Requires a minimum of 50% cost-share from applicant
- **Large Grants (\$50,001 - \$250,000):**
 - Requires a minimum of 1 to 1 cost share from applicant
- NOTE: Cost-share can be cash or in-kind contribution

Overview of Partnership Fund Round 2:

Eligible Entities

- Private businesses:
 - Sole proprietorships
 - Partnership
 - Corporation
 - Joint Venture
 - Commercially-oriented cooperatives and associations in productive sectors

Overview of Partnership Fund Round 2:

Eligible Businesses

Business activities from productive livestock and agriculture sectors of the economy, such as:

- Crop agriculture
- Agro-processing
- Livestock
- Dairy
- Poultry
- Energy
- Fisheries
- Gums and resins
- Beekeeping
- Other

Partnership Fund Round 2 Concept Paper Template:

Business Idea

- Provide a brief overview of your business idea

Selection Criteria: Economic Growth and Development Impact

- *What are the expected impacts on:*
 - *Local employment within your business*
 - *Economic impact for suppliers you work with;*
 - *Opportunities to improve employee skills;*
 - *Income, wealth creation and increased local production;*
 - *Impact on women in business and youth employment;*
 - *Increased markets access for local suppliers and increased local consumption*

Fodder example:

Economic growth impacts in Somaliland

- More suppliers selling products
- Business making more profit, supplying more products
- More people employed upstream and down stream
- More competitive market for goods/services

Components of Concept Note (Selection Criteria):

- Technical Experience and Technical Feasibility
- Financial Viability and Cost Effectiveness
- Analysis of Supply and Demand
- Business management experience

The 2013-2014 Somaliland Investment Guide can be used as a reference: www.SomalilandInvest.net

Applications Review Process

- To receive Concept Paper instructions and template, Applicants email: PartnershipFund@dai.com
- Issuance Date: 25 November 2013
- Questions from Applicants Due By: 8 December 2013
- Responses to Questions Sent to Applicant: 15 December 2013
- Deadline for Concept Papers Submission: 4 January 2014, by 5:00pm
- Notification of Short-Listed Applicants: 16 February 2014
- Short-listed Applicants Information Session: 23 February & 25 February 2014
- Submission of Full Proposal: 16 March 2014
- Evaluation Committee retreat: 22-23 March 2014
- Field visits and due diligence process: 25 March – 12 April
- Announcement of Final grantees: 15 April 2014
- Contract negotiations; grant disbursements: April - June 2014

Summary of Submitted Concept Notes
