1. Exports

Export of animals to the Arab Gulf States, especially Saudi Arabia, represents the largest share of the Somaliland export earnings. The three types of livestock that Somaliland exports are sheep/goat, camel, and cattle. There are also other items that accompanies the livestock export. Skins, hides and fish are the main exports that Somaliland traders share with the entire world.

1.1. Livestock Exports 2024

The table (1) below illustrates the category of livestock market share per type of exports. The price of livestock per type is shown in the table and data was collected by the team from the Macroeconomic Department, and targeted livestock markets across the regions of Somaliland. The quantity of livestock exported during Jan-December 2024 is multiplied by the current local livestock price per head, which gives the total value of exports. Figure 1 clearly specifies that sheep/goat has the largest share of livestock exports of 91%, then with Cattle and Camel at 5%, 4% of quantity exported respectively.

1.2. Commodities Exports in 2024

The exports from Somaliland other than livestock are not as that as significant. Few items or commodities are exported through the main port of Berbera, Hargeisa Airport and Zaila border. The Table 2 below shows the list of items that Somaliland exports to other countries. Skins and hides, gold, gums, fish, powder soap and watermelon hold prominent positions in terms of quantities exported. The values in the table are collected by a particular team from Macroeconomic department, and the price values sometimes vary significantly from current local market prices.

Table 5 and Figure 3 below show the comparison of camel's exports during the fiscal years of 2023/2024. Camel exports in April 2024 has the highest year-on-year (YoY) increase of 343%, while July has the largest YoY decrease. This is different from the rest of the livestock exports, which follow a more seasonal pattern. In aggregate, in 2024 camel exports increased 25% compared to the 2023 camel exports. There is also significant monthly variation in the quantity of camels exported.

2.1. Trade Balance In 2024

Figure 5 below shows the trade balance of Somaliland in the fiscal year of 2024. Somaliland registered a trade deficit of \$ 384,681,119 which is to some extent an underestimation of the true value, as import values are based on recently collected imports invoice values, and these are sometimes an under-valuation due to informal import channels and weak commitment by importers to using the real invoice values.

Figure 5: Net Trade Balance of Somaliland 2024

The total value of imports in Somaliland Shilling = 8,819,548,939,355

The total value of exports in Somaliland Shilling = 5,549,759,429,000

Equivalent Value of Imports to USD = \$ 1,037,593,993 *
